Dr Sir

Quite a refreshing shower of Divine Grace has been falling here in which some 11 or 12 have been hopefully converted. The meetings were conducted by Father Dyer but he was assisted more by those of other denominations than by the Methodists and among the converts are three whom I think will join the Presbyterian Church if they have an opportunity perhaps one or two more.

Among this number is

myself. I trust that henceforward I shall ever be found working for Christ and would prefer doing so in the Church of my fathers if possible — though under the circumstances here — no preaching no Church save in name — & so far as we could see no prospects, I almost felt tempted to join the Methodist Church at once. As matters now stand here — the Methodists are the only Denomination that has any preaching at all & they only once in two weeks. There is certainly unusual feeling among the people on the subject of religion. The Sabbath School is run almost entirely now by Presbyterian teachers & officers

The Prayer meeting will be largely under the influence of the same — there is a Pres. organization here — so much for the place

I know our weakness as far as supporting a minister is concerned — I appreciate the embarassments of the Home Mission Board — yet cannot but feel that some thing should be done to hold what has been here and shall await with anxiety your reply which will determine the action that Council will take I presume. Mr Dunlap

people are all well and those whom you met here generally.

I have been laid up for some days with Scarlet Fever but am now so far recovered that I am engaged in my work again partially

Dear Bro. Jackson

Your favor of the 22nd came to hand this morning.

The Penitentes have frequent days which they observe, in their way, during Lent, but their great day is Good Friday, when they are out in force. If you have an opera glass bring it along, as you may have to take your observations at some distance.

As to the change of my field of labor, I will just say that I am in the Territory to do missionary work, and if the

cause, here and elsewhere, can be better served by what is proposed by the Committee, I have no objections to interpose, provided my expenses to a new field are defrayed. I am glad you are coming down, so that we can talk this matter over. Our Session would like to have you spend a Sabbath here. The Session are about arranging with the Southern Methodist people to occupy our place of worship one Sabbath each month, so that I can go to Lucharas on the Sabbath. I expect to administer the Lord's Supper at Lucharas on the 1st Sabbath of March.

Bro's Wilkins & Miller think that matters are in such shape in their improvement company that it is not best at present to organize a church. I am glad you are going to visit the place yourself.

We observed the week of Prayer here (in Trinidad) in a union service, and protracted the services some four weeks. Christian people were very much revived, a number of persons professed to have found Christ precious to their souls, and quite a spirit of inquiry prevailed in the community, which I trust will yet yield fruit to the glory of God.

four persons have united with the Methodist church on profession of faith, three of whom were baptized, as yet none have united with our church on profession of faith. Our trustees have secured the most suitable hall in town in which to hold our services; and when once comfortably seated will help us very much in securing a good congregation.

Perhaps I had better not have a horse until the matter of my future location is settled.

I gave the matter of raising money for the fifty copies of the "Rocky Mountain Presbyterian" into the hands of the Session, but they have done nothing. I will take the matter in hand and do what I can.

Kind regards to Mrs Jackson and the children. Hoping to see you soon I remain your bro. in Christ L. L. Merrill.

My dear Brother Jackson,

Many thanks for your kindness and the exceedingly prompt attention to the deficiency. You would do for a bishop, and if you treat them all as well I do not wonder that the dependent brethren are anxious to keep their Superintendent of Missions.

I Enclose a note from my wife to Mrs McCormick. The note in acknowledgment of that Indiana money some time ago. We were not a little puzzled to know how that got here, before we received your note.

I shall be very glad to send you something before long for your paper, though it will not probably be about Missions, concerning which I have no personal entitled to speak.

We have the foundation of our building laid and have let the Carpenter work. We shall push it now as fast as we can. after we get the necessary lumber — We shall need $400 from the Ch.

Erection fund, for which I shall now soon make application. I hope there will not be so much delay in getting that as there was in the appropriation. We expect to put the building up for $1200. I hope you will be able to help decide it before you go to the assembly.

My health is but so, so. For the last three weeks I have suffered a good deal in my lungs. The confinement of the Winter and the continued unfavorable weather have told on me. I am feeling a good deal better at present & take courage from the fact that Spring comes nearer every day, though it does not look much like it tonight with nearly a foot of snow on the ground. The children are getting as healthy again as formerly.

With our very kind regards to yourself & family

I am very truly Yours

I had intended writing you ere this. All is right at our
here. I attended a Surprise party
at Father Thompsons week before
last, being invited by Mr Annis a
friend of ours as also of Mr Thompsons
The party was quite large and we
all spent a very pleasant evening
I think from all I can learn. the
Congregationalists are drawing upon
the Presbyterian audience but not
upon the members — although Mr.
Packard is not a preacher of
an extraordinary order. He is

beloved by his people but not particularly admired

I think on justice to Father I the remark was entirely groundless

We are all well, hope to be helped in our work this Spring I am in correspondence with quite a number of Presbyterian families who are expecting to come out soon and they represent still others

Mr Martin is expected out soon

Our school building is commenced

Our church meetings are quite well attended as also prayer meeting and Sab School. We will work and pray and have no idea of giving up the ship. We received very unexpectedly a handsome present on the Christmas tree under the auspices of our church from our Brooklyn friends of Plymouth which I value highly as an expression of their love to the people

Dear Brother Jackson

Your favor of the 13th inst came duly to hand and in reply will say that the enclosed is a true transcript of all the proceedings had by the Churches in the matter referred to satisfy copied by myself from the files of secretary of the Church—

As to the charge of dishonesty made against us I am not at all surprised and only wonder that there has been so little said about it here. If a correct and full account of the entire proceedings as they transpired at the meeting of the so called committee of conference had been made it would show much more plainly than it now does who were honest & fair and who not But Bro Burrell who acted as the secretary of that meeting found it convenient because (as he said) the proceedings were somewhat informal to omit much of the matter most important to our side showing a willingness on our part to compromise & modify so as to arrive at something satisfactory as a basis of our consolidation a reason

but found an opposite [illegible] Promises
& a majority of their Committee
The proposition for Union Comm
voluntarily from them in
the shape of a formal request to
our Church to raise a Committee
of Conference on the subject
to meet a like Comm from
their Ch which was done, as
they were the movers he asked
them to submit a proposition
to us embodying their plans
whereupon they submitted their
preamble & plan of Union of —
the Unity — Our Committee took
that and knowing that we could
not adopt that we drew up a
Counter proposition & submitted to
them and we then fixed a time
for a meeting of the two Committees
in Conference on the subject
Ore [illegible] — were immediately
given to understand that there
were to be no changes modifi
cations or anything but that
we must either take what —
Dan Castleman had dictated
or Nothing after Considerable
Conversation of a desultory char
acter seeing that there was neither
reason fairness nor honesty in
their action in order to [illegible]

the integrity of their actions
We proposed to them to strike out
of their preamble that portion
setting forth that the Members of
the Churches & the Community
were unable conscientiously to support two Churches
giving as our reasons that it was
contrary in regard to our Church
and we believed to be contrary in
regard to the Community - They in-
sisted that they could not submit
to the least modification of the
Statement - We then asked them
if they would insert in their
proposition that they would accept
Rev Gage as Pastor of the Associated
Churches for one year instead of
that they would extend a call giving
giving as a reason for it that he
was already the installed Pastor
of our Church and we did not
wish to disturb that relation. To this
they insisted that they could not
change or modify their proposition
We then agreed if by any thing could
be made satisfactory to allow
the United Congregations to deter-
mine by vote when the services
should be held and that we would
leave it for them to say whether it
should be by a simple majority or
a two thirds majority to determine

to this they would not listen but simply said that Mr Cushman also was a member of their Committee and had aided in filling up their proposition was not there to sanction or disapprove any alterations they might make and that they could not make any without his consent. Saying that Mr Cushman was the dictator and that Mr Burrell & Mr Rogers were simply automatons to do his bidding and he being twenty miles away he gave up the job satisfied that the effort on their part from first to last were not honest so after agreeing informally that a copy of each proposition should be given to each church for filing & the adjourned to Burrell eye Rogers it was to see the distinctly but as on the other point. and that they were simply meaning one coming this to bushell The whole thing was a farce and seemed to be settled up by them for capital to be used in the Community and it failed then the tables being turned hence the disappointment & charge of dishonesty - Mr Baxter who was Chairman of their Committee was in earnest and acted in good faith all the time and was much disgusted with the childish position

Coffin & the others & he will endorse the correctness of this statement. I am sorry when the Court Conference with me a few months ago, such an unkind & unchristian spirit was manifested & such a disposition to Crucify Brother Coffin for the part he took in the matter. All of which I am sorry to say I am afraid will bring

copies by the others & he will certify to the correctness of this brief statement of necessary

At a meeting of the Committee heretofore appointed by the Congl Church of this City to confer with a like Committee of the Presbyterian Church held this evening at the house of Samuel Cushman; it was unanimously voted; That this Committee subscribe to and submit to the Committee of the Presbyterian for joint ratification the following proposition in duplicate one for the files of each church

At a meeting of the Committees of Conference appointed by the Presbyterian Church and the Congl. Saunderson Charles Berry and James Guenther and on the Part of the Congl Church of Messrs E. T. Baxter A. H. Rogers L. H. Wolcott Samuel Cushman and James Burrell to Consider the desirability and feasibility of uniting or Consolodating

the two Churches, the two said Committees are unanimously of the opinion that from the present peculiar situation of the two Churches and the inability or disinclination of their respective Members and this Community to support two Churches so nearly alike in their forms and mode of worship & from the greater and more important reason that they could if united exert a more healthful religious influence in the Community, than ~~of present~~ it seems possible for them to accomplish each in its separate house of worship — That therefore it is desirable on the part of both Churches, if practicable to unite in some way in their religious services and Sabbath schools in the support of the same, and to this ~~first~~ proposition the undersigned cheerfully & heartily subscribe

on the Part of the Presbyterian Church and E K Baxter A M, Rogers & W Wolcott Samuel Cushman and James Bunnell on the Part of the Congl Church to consider the desirability and the feasibility of uniting or consolodating the two Churches it was the unanimous opinion of said Committees that the union of the two Churches and sabbath schools would tend greatly to promote christian unity and fellowship, exert a more healthful religious influence in the Community and thereby more effectually subserve the Common Cause of the Master; for this and other important reasons such a union is by us deemed desirable, and to this end we agree to submit to our respective Churches for their ratification and adoption the following plan for union services to wit; Each Church and Society shall maintain its organization as heretofore, have exclusive charge and Control of its own property provide for the payment of its own debts, and perform all acts in relation thereto as if no such union services were maintained. That each Church

receive and dismiss members as usual, that the affiliated Churches act together in all things pertaining to the Union services and to the support thereof, and that, this Union when effected shall be for the term of one year and with the express understanding that Rev H B Gage shall be the Pastor of the affiliated Churches he devoting his entire services thereto and that the Union services shall be held for the first six months in the Presbyterian ~~Church~~ house of worship and at the expiration of that time the place of holding the services for the remainder of the year shall be determined by a majority vote of the ~~United~~ Joint Congregations This report When ~~adopted~~ shall be signed in duplicate by the Joint Committee and a copy thereof furnished to each Church to be filed away with their records

propose the following plan for

Rev. Sheldon Jackson.
Dear Sir.

You will pardon the liberty I have taken in addressing you, but necessity compels me to write — to some one for assistance, & Bro. Boag of Avon referred me to you. Also said he would write — to you in my behalf. Perhaps you were acquainted with my husband, Rev. A. M. McElroy. He died a year ago last Jan. He was a member of Des-Moines Presbyterian

& I refer you to the trustees for my information. I have six helpless children to care & provide for. The Relief Soc granted me $4.00 this last year & it is with strict economy I can make both ends meet. My husband left us a little home, but the home is nothing but a shell, there is no plastering on it & no foundation under it, the cellar is dug so it is all open underneath - & it is for help to finish my home I write. No one knows what we have & are suffering this cold winter. Could you in any way get the means to make our home more comfortable.

I had a friend make an estimate of what it would cost to plaster & lay a foundation & he said it would take nearly $300. Bro-Boag said you knew of wealthy friends east who would help me if they knew of my situation. Bro-Randolph of Bedford Co. Iowa can tell you how uncomfortable my home is. I have no one to look to for help, but to God & the Presbyterian Church in whose cause my husband labored, & & died. I will feel myself under lasting gratitude to you, if you will help me in my great need. I shall wait anxiously for a reply for I know

not where next to apply
for aid.

Glorious news from Longmont

The Lord has done great things for his people here at Longmont for which they are glad. He has come down in their midst by his Holy Spirit, & has given them a most precious season of Revival. And now their humble acknowledgement ~~to~~ God is, "Not unto us, but unto thy name be all the glory."

And just here let me trace the origin of this precious season of refreshing. About two months ago, a Congregational lady propounded to me the question, "Why do not christian people appoint a day of humiliation, fasting & prayer, as they used to do down in New England?" My answer of course was that it ought to be done. And in view of two things before the

the churches here, the day was fixed on, & properly observed by at least a part of God's people. The things alluded to ~~was~~ were the consolidation of the Congregational & the Presbyterian churches, which cannot take place because the Congregationalists will not consolidate, & union protracted services, which were agreed to in minister's meeting. The day was announced publickly by myself, & the Methodist minister, & I hope religiously observed by all our people.

And now what is the result? As soon as ~~had~~ these union meetings ~~had~~ commenced, ~~there~~ it was apparent that the Holy Spirit was present in our midst. He poured upon us all the spirit of prayer & supplication. And still he continues his glorious reviving & reviving work. Already there are six precious souls who have made a good profession of their faith in the Lord Jesus Christ. Three of them have united with the M. E. Church & three with ours. Four souls have also united with us

by letter, & in this way there are as many or more to unite with the M. E. Church. And still there are others inquiring what they must do to be saved.

The Rev. C. G. Milnes, the Methodist minister, a man full of the Holy Ghost, & myself have visited & prayed in nearly every family in & around Longmont. We have been received kindly by nearly all. Some few families closed the door against us, but so it is; we can only feel sad for them; knowing that they have blindly locked the door of their hearts against the Saviour. "Forasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me".

The refreshing season which we are now enjoying is the very first of the kind in the history of Longmont. Our earnest prayer is that it may not be the last. Our growth is depending altogether upon such showers of blessing.

The spirit of church-building is just

now being fully aroused in our town. ~~The Congregationalists are already at work, & the Presbyterians are also fully awake to the importance of having a home of their own.~~ At a Congregational meeting last Monday a building committee was appointed, whose business it should be to go right forward & put up a house of worship. ~~And the Rev Sheldon Jackson, our worthy Synodical Missionary, being present, pledged himself in this good work to the amount of one hundred & fifty dollars.~~ And, indeed, out of gratitude to God we ought now arise & build, for during the past six months He has nearly doubled the membership of our little church, making our membership nearly forty, while there are others to unite with us.

Dear Bro Jackson

You would have heard from me before this but I expected to be in Denver a month or two ago. I have now about come to the conclusion that I wont be able to get there any more for lack of funds, as the church here ~~are~~ is not paying me any thing atall and I do not think they can at present at least. We did not quite freeze up but came very near it though I do not think it was quite as cold here as in Denver.

Mrs P's health has not been atall good this winter and at present she is just recovering from an attack of "chicken pox". The disease seems to have affected her lungs considerably, as they are paining worse since she took sick.

Church matters are very dull. We had one addition and two more on what might be called the anxious enquirers list, who will unite with the church I think at our next Communion.

I have been rather of the opinion for some time past that it might be better for me to leave Collins and let some other person try it, as I find that the influences that were operating when I came here are still at work and doing mischief. If I thought any other person could come in under more favourable auspices I would be glad to go to some other field if there are any vacancies.

A pulpit suit would come very good to me in the spring as by that time I shall be pretty much in need of one.

I will try what I can do in the way of procuring subscribers at the amount named for the Rocky Mountain Prophet. I do not know that I have much taste for news paper writing. Perhaps I shall make an attempt.

Fraternally yours

Feb. 12th 1875.

Dear Bro. Jackson.

I send you a copy of the First Report of the Union Colony of Greeley. I had some little trouble in finding a copy and hence the delay. You will find the date of the Organization of the Congregational Church on page 38. You will find in the pamphlet all the most important information in reference to the Colony.

I am truly glad Dr. Willis Lord is in Denver. Should he remain he will be a great acquisition to Presbyterianism in Colorado. I would like to see him take hold of your new University of Denver.

We January had a very interesting communion [illegible]. Six persons, heads of families united with the church.

We have some religious interest among

ers. We are holding meetings [illegible] night in the Methodist Church, attended by the denominations. Quite a number remain for religious conference and prayer. Some half a dozen or more remained last night of our congregation.

We hope the Lord has a blessing in store for us. We greatly need the prayers of our brethren.

I am yours truly in Xt.

R. G. Thompson.

P.S. Feb 13. We had a good meeting last night. The interest seems to be chiefly centered in our Church.

Dear Bro Jackson.

Your Baptist-Cooper row is at-hand. I suppose Cooper makes a big parade over the Appeal to Gen. Assembly. I don't-feel like going out of the way very far to gather facts for that- Com. We must try and have a good affidavit- or two, to put in to Bro. Wells Appeal however. If I can see Norcop, I will try and get him to make a written, qualified, statement- to what he told me. They are so outlandish however that- no man with the least-grain of sense would make.

We have been trying our best- to loan money enough to pay off our Contractor, J. R. Jones, when

we owe $6000 yet - We have
a thousand and one on our hands
yet - it is not collecting - Money
has been so tight, it has been impossible to collect anything -
But we must $5000 - Our Trustees
think I had better go East - again,
and try to borrow it; I dont like it,
but I dont see anything better. Have
you anything better to suggest? If
I go I would like to go about March
1st. Will McFarland be here then? I
must have Somebody to take my
place - Have you any Suggestions
to make? Let me hear from you.
In the event I go E. We must have
the Meeting of Pres. before I go.
We work hard on Sunday - We are
having large Congregations - Mrs Hay-
den is Singing for us Gratuitously,
She draws heavier than I do - I am
feeling pretty well lately - All well

Rev Sheldon Jackson D.D.
My Dear Brother,

Many thanks for your interesting & your words & marks of sympathy. We have had rather a serious time of it. Only two weeks after my wife's confinement, our nurse, whom we had to get 10 miles from here was called away by the sickness of her family, & we have found it impossible to get help of any kind since. So the care of the family have rested on me onerously. I had my hands full day & night. With God's good help the children are nicely recovering. And I hope my wife will soon be gain her wonted strength.

I had a notice from the Board a couple of days ago, signed by O.E. Boyd - that they had increased the Appropriation $100 - which makes it $600.

Our chapel has not progressed very well. Our

principal drawback has been, the non delivery of the lumber all of which is not yet on the ground, though ordered two months ago. The weather has been against us also. but I hope we will now have a fair [illegible] permanent change. The foundation has been let & they will break ground next monday. I hope it will not be long now before we shall be housed. I have not yet forwarded an application to the Church Erection fund, because the Committee here have not yet exhausted the field which I trust shall be done before we ask for aid outside.

The building will be cheap but neat & I expect to build so that whatever is done shall be available always worthy of improvement. The inside we shall paper & calsomine, which will do well enough until we can lath & plaster. I have written two or three times endeavoring to get a circular & price list of the Rock River Paper Co. is good, but every body sends me F. N. Davis & Co's list. May I ask you to try & find what I want. I want felt paper for the inside. From Experience I know this

as the softest most yielding paper made to be the best for inside walls.

Can you also get for me a cut or sample of a real good, handy window fastening. At home I have a fastening like [illegible] cut which is admirable. It works on the principle of a wedge striking on on the sash. If that can be got in Denver, I shall be satisfied.

When does Presbytery meet?

With kindest remembrances to your family from my wife & myself.

I remain Very Truly Yours

Dear Brother I received your letter & postal card yesterday, am sorry to trouble you so much. (A thoroughly communicative man you are, I know. I love particularly when it contains such joyful intelligence of deep interest, & unusual & religious interest &c.)

I presumed you were from home as you are prompt in replying, but when so many weeks passed & no answer, Sister thought it might have been lost. I had better send a card — am very glad it is not. Hereafter I will have

stronger faith & trust in my heav

money to his dear servants. =

The money you can use where

Glad to hear of Yours safe return from the East -
May it please to know that the Secretaries favor two or three more men for Utah -
I wrote them immediately on the reception of Your letter, asking for the Commissioning of Bro. McMullen
I got a letter from Mr. Marshall a day or two ago - He says a good deal of the blame of his not coming on the Secretaries - He says he packed his Traps the first of Oct: and waited until the middle of Dec for his Commission; then they sent him word that a Law Firm, Could be got from

Just then he says, Sickness took place in the family, and he to bring the only Son, he could have been compelled to return and he born in Utah, and so he guesses it is all Providential after all.

Who will be Gov for Alta & Bingham? Pierce's Bro, has come and taken up residence in Bingham. Another Piece. I have been to Cyclone Ju. Sugar of the Case is, I have been in a condition to leave home on account of my trouble. I hope I am improving slowly, but still it is inconvenient for me to be away over night. I went up to Parks, and also talked with him while here, and I think we will not have anything by postponing the initiation of the work then until May or June. Pierce readily consented that I should preach up there in their Ch, but he says Gillespie [illegible]; he

Dear Bro. Jackson,

Your letter rec'd last night. You did not say anything about the draft for 25-0, I sent you to deposit in the savings bank. I am therefore a little concerned about it to know if it was merely an oversight or you had not rec'd it with the first letter.

The religious interest continues. It is all quiet, no sensation or great demonstration. But God is bringing on which at least will bring forth fruit, if not now at some future time. Here [illegible] can [illegible] good strong temperance principles, a man honored in society has come out

kindly + spoke last night for the first time.
about a dozen in all have manifested
a desire to be saved. Some days are very
hopeful. 3 or 4 Brethren prayed fully before
I am warmed up + I hope will join
in the communion in March. A good
many attend every night. (meetings 3 times a week)
They do not come through curiosity or to see
excitement but I believe are being led
by the Holy Spirit. It is quite
a tax on me to sustain meetings, as I have
no help only as I press in a layman.
I thought last week of writing to you for some
aid if it could be possible. Then I thought as
long as the interest continues in this small
way it might be better, especially as long as

[illegible] holds out. We are now all working together. Two methodists [illegible] out every night. The Lord is our sufficiency [illegible]. We could hardly think of leaving [illegible] very [illegible] under a year or so. For some way we feel it would [illegible] safe to trust it in other hands until it assumes more permanency. My health is good. But sometimes it seems as if, if Mrs. T. could get away for a while it would be to her advantage. Another summer I intend to have a carriage & my horse so we can take a vacation in visiting. Also I want to preach more at our stations which I can well do now. There is a new P.O. called South Park 27 miles & we there where they [illegible] built a [illegible] school

house for ch. & school purposes & have expressed a great desire that a minister should come & preach to them. I have just sent for a subscription to St Louis. The money is raised. The man who promised to collect originally failed. But now it is sure.

Reply soon to my first inquiry & oblige.

Yours in haste,
D. C. Fisher.

There is some prospect that it will be expedient to build a church in Alma another year. Not much can be done without me. But to do it well a man needs to collect in the fields alone.

Dear Bro. Jackson:

Could you not just as well assist me in the organization of a church at Erie the 5th of March instead of the 20th of Feb.? My work is so extensive & pressing, that I do not see now how I will be able to get around to it by the 20th of this month.

Next Sabbath we have communion at Longmont. The Lord has some precious souls whom He is leading to unite with us on this occasion. And still there are others who are thoughtful. He is gently leading them too into the fold. Blessed be his holy name.

If we arrange for the 5th of March, could you not come over to Erie as early as the Friday before & give us a few sermons? Believe it would be for the Masters glory. He

might glorify himself by sending refreshing. At any rate He could use us for his glory.

Our building at Longmont still goes forward. We will have it soon ready for the roof, if the weather favors.

Dear Bro. Jackson:

Yours of the 30th ult finds me at home in the midst of a precious meeting. Evidently the Lord is mercifully breathing upon us. His people here, all but the Congregationalists, are all alive while in praying for us & with us. This town needs the power of God's Holy Spirit.

Will now give you just what we have done in the way of consolidation. Our action is as follows:

"We, as a session, are willing that an impartial committee, made up alike of Congregationalists & Presbyterians, shall be invited to Longmont, whose business it shall be to arrange this whole matter, even to the deciding on the denominational name of the church, & we

pledge ourselves, in good faith, to abide in their decision".

Now, this is "eminently fair & honorable" so says Dr Kendall, in a letter to me a few days since.

But the truth is, my dear Bro. I fear, the Congregationalists here do not wish to unite on any terms, except it be that we come over wholly to them.

The fact is they pressed us into the above action, & then did all they could to make it appear that we were the responsible party in not reaching the consolidation of the two churches. And now we want to push this matter to a conclusion, & put ourselves in a good light before the community, & of course you are the proper party to come over & help us to do this.

Understand now, at of union meeting of the Deacons of the Congregational ch. & the Elders of our ch. it was agreed that one of each of the Com. Com. be invited to come

out & help us in our decision — in helping us to come to some definite conclusion. Bro. Mead says that Bro. Stuntwant wrote him that you were so utterly opposed to consolidation that nothing could be done. Therefore it was useless to move — useless for him to come out. We hope you are not in the way of our proposal.

The Congregationalists have moved in the way of consolidation only from a selfish motive. They have no heart in consolidation. They moved in view of making us the responsible party in order that they could have a good report to their Boards, to this end only. They are now at work at a church building — moving slowly. This does not look much like union.

Neither does their standing aloof from our meetings look much like it. In the midst of our meeting they had a Donation Party for Bro. Williams, & there was not a prayer offered, nor even a

blessing asked at the table, & this does not look much like union.

But notwithstanding all, we must push the matter now to a definite conclusion, & the responsibility of not consolidating must rest just where it properly belongs.

Do not fail to come according to your statement in the other letter.

Much obliged for all your brotherly sympathy & kind aid in our work. God abundantly bless you in return

Dear Bro.

Your highly esteemed fav. of 24 ult reached here this A. M.

The scrip you contemplate and to which you invite dear Harry is simply captivating At almost any previous time I should agree to your proposal instantly but at present financially I feel poor For two years past our business we have not simply made no money but have lost not a little Still it is a gracious providence that still we have weathered the crisis and have

hope in time to secure
more than we have,
lost the whole of this winter
now.

There are many reasons
why I should desire to
take the best studies the
influences that would
surround me. His edu-
cation while in college
cost me nothing, he has
never made any but the
very simplest demands
on me. Always simple in
his tastes spends nothing
but lives as much at home
he needs to be thrown off
among men and to learn
it just as he will need to
do if he goes with you.

I feel sure one that
my prayers will be ans-
wered as to his decidin

for the ministry. His parts are very good and may the Lord bless all just wherever he chooses to employ him.

I must say this time however before I finally decide that I can spare so large a sum in this way. Are you sure that five hundred will be sufficient? It is the last stretch and I should be sorry to hamper you with restrictions if it were ever necessary to expend more. Please write me again on this head.

Enclosed you will find check for one hundred and twenty five dollars as aid of Dow Hill to be spent at your own discretion

Dear brother

Enclosed you will find a draft the value of which you need not state when you acknowledge the safe receipt of it. It requires real self sacrifice for me to do it now. But my heart bleeds for that poor sister in her desolate destitute situation. My resources will be effectually limited for some time to come. My husband has no sympathy with missions and he grumbles me a dollar of his money for any thing of the kind

There are some features of my present situation which cannot be explained with propriety. I often wish my heavenly father had seen best to give me larger sums to dispose of. But he knows best. He never knew what he might have to by having these things all changed for us according to some of our foolish wishes.

I am writing in haste not knowing what moment I may be interrupted

Sincerely I thank you for your prayers. I value them more than any thing else on earth. I do desire the constant presence of Gods Holy Spirit

Rev. Sheldon Jackson,
Dear Sir,

Our
Women's Missionary
Society of Upper Presbyterian Church would like to send either a box or a sum of money to the needy; also to some missionary in the West; would you be good enough to suggest the name of some missionary with a family to whose comfort such a gift would add?

Yours,

Dear Bro.

Your prized favor of 11th inst is at hand

I write at once sir solely chiefly because I wish to say that I heartily approve the direction given to my contribution to D. Sc. Indeed I rejoice, that it came so opportunely to meet your need. I found much interest in the printed circular which you enclosed I take exception as I always have to the policy of the Board sir in so greatly increasing (in times like these especially) the number of its Missionaries which forces on the Board a scale of under pay

and as in your case and doubtless of many others the diminution of the scant allowance which in a certain sense, they are under obligations to maintain at the full rate. Your views now are outside these remarks from my self ~~and~~ may be unbecoming

I note the change in your proposed route with pleasure $350 meets my circumstances and the times much better than the sum first mentioned and doubtless as far as Harry is concerned will be of as much service.

Yours very truly
Wm R Jameson

Dear Sir,

Your great kindness, and consideration evokes my gratitude, more than words can express. The like, encourages me greatly, in my all important work here.

But really - dear Sir - are you not too Kind, I have never before, been used to such favors, or consideration. Have been alone - all alone - in sadness oft, and isolation, with (apparently) none to share my burdens. Oh! there is indeed a yearning in the human heart for sympathy,

and now (thank God) I have this sympathy, long
prayed for - long desired. May the
Gracious God, abundantly bless, and prosper
you, dear brother. I will write my article
promptly.

Gratefully Yours,

F. D. Weekes.

Land about Pueblo, Ind- Not about Lots

Georgetown 24 Mar

Dear Bro,

Meeting the Co Treas on / street he told me he had written you there was no tax for you to pay at Idaho - as he had told me But finally I found he had not handed off / lots you described & said he could not. It would be a weeks work &c & I / can had purchased / lots recently to let him know in whose name they were & to whom they were assessed - & then he could find who was to be paid - & they were turned - I then proceed

ings - I had left with him your card describing property & he told me he would hunt it up. But this is all he has done

When are you going to Utah? soon after Assembly?

I had a free talk with Mr. Moreheuse - And he at once confirmed just wh. I had said to you or Bro Henry - says the feeling is confined to the "down town" and the one we spoke of Says if I would sacrifice my self respect and become the veriest sycophant and flatterer we could hear no more of inviting Mr. Hawley &c - or efforts in that direction -

Can you not write & secure me an invitation to Pueblo Can you secure me ½ fare on R.R. also for wife as C.C. have some this year for all ministers -

Would Pueblo Ch. be willing to invite me for three or six months - if they would I could Had invitation brings matters to a focus here perhaps. & settle question of settling here without incurring unnecessary expense to self or Pueblo Ch.

I am not going to fight my way through here & I have stated to bring Ch. to this point & now I am willing

to stay or go — eh, over
may be the smoothest
Is the Pueblo Ch.
one that will be pleas-
ant for my wife
to go to?

Wife is not very
well — Think likely
we are to miss heaven
in bodily presence &
a little lower down
will suit better —

I will try to send
an article for the paper
I had supposed you
requested article from
the brethren as you
wanted them for discus-
sions —

Love to family

Dear Bro.

Got here last night - more jaded - sore - and tired. Intended to go forward; but did not dare it twice. Pony still soft, and tires easily. I have yet ascending & descending from 175 to 195 miles to make. I go by Rio Grande. I'll do my best to be at Del Norte by Saturday night, though I am fearful, I'll fail. If so, I'll try in Sunday, and at farthest, I'll be there A.M. on Monday. Awaiting me I met with great kindness, free entertainment mostly &c., I reached 9 fifty at Monument. Cannot make Summit Pass through. If you get early to Del Norte - send me word at Saguache &c. Yours fraternally

Dear Father;

Thinking that it would be a good time to write home, now at the beginning of a new year, or rather the beginning of a new month, but it is the first that I could find time. It is a very lonely place to live, but it is the best I've got and for a while. If you have a map that is called Kyushu, you will find Kumamoto in the middle of the island, but you can't get into. It has been very cold here, so bad that it was even down to zero, but then only for about half the time, but then only that it will make it the south and down at all the summer. Yesterday I got a letter from Dan and he says, I am a Student and Sunday I [illegible]

to start for the Ute Indians in a few days to look up a Ranch. It is about 100 miles West and East of Trinidad. I may go with them, or a month, or the most of the winter. It is time to secure the land they have bought. They have contracted for 300 head to be delivered at that time. The Indians don't like to sell now as it is too near shearing and lambing time, so they hold on for high prices. I don't care what he pays for sheep. I am to receive a salary. There are no sheep on it at the present time, but I have to purchase them, for the company, and I am to go to Santa Fe (I am glad of that) and then to Trinidad. I have to pick it. It is expected we shall be there in June as we are going to close the store for the season. It is Seven miles west of Santa Fe. I am told that Jim is not worth much, in fact, and that he is badly in debt, and only holds what he does in his wife's name. If it is possible I am going to get a place with him and go to N. M. and learn the Spanish

in this position for a minute or two the crosses are lifted and they kiss the upright cross, then drag them back. They wear [illegible] naked, (with the exception of a pair of drawers reaching [illegible] to the knee,) whipping themselves on the back with whips made of cactus and a large flat cactus resided in the [illegible] The whips are about 18 or 20 inches long. They give themselves a [illegible] step. Before starting out they cut 24 cactus leaves with a knife or glass, 1½ on a side, extending from the point of the cactus handle to the waistband. They whip themselves to the upright cross and back, stopping at the cross long enough to kneel on the middle and kneel to the cross and kiss it, and then return to the place of starting. The blood flies off the ends of the whips into the air at every stroke, and also runs down their backs and legs in streams. Others carried cactus bound to their backs, from their necks over their shoulders and round under their arms and to the front. The bunches of cactus were so thick that they could scarcely reach round them and clasp their hands in front. Others still had their arms bound lengthways of a cross laid across the back, while others walked the whole distance with cactus tied on the soles of their feet. One man, who I suppose had committed some offence of any, had cactus bound on his back, his legs tightly wrapped with thongs and his hands bound to his knees, thus holding him in a stooping posture. He was then whipped to the cross and back by two men, the blood flying at every stroke. He fainted with the loss of blood, when two men took hold of him to support him to the cross whipping. But it is useless to attempt a description of it any more about it than that death very often comes from the severity of their punishment. The leader of the lodge here told me yesterday that such as those their own punishment, both the manner and severity.

Dear Bro.

Your letter containing drafts for $100. was received on last Saturday. Accept my thanks, kind friend, for the interest you are taking in my welfare. I shall now have the workmen commence work on my house, as I have half enough. I know God will send the rest. Inclosed find note of thanks to Mrs Parish and Mrs Lewis.
May God bless you, and grant you success in your great work is the prayer of your sister in Christ Mrs L. A. McElravy

Dear Bro Jackson;

I have secured the Liberal Hall at $1000 - the shareholders donating 35% of cost. - and am about to open a school under a competent teacher. Terms of purchase $400. in 3 mos and $600. in 12 mos 10% int. - mortgage to secure deferred payments. As the hall was fixed for dancing I could not make necessary changes without getting exclusive control. Have I done right? I go today to Mt Ephraim to preach. It is the hottest Mormon hole in the realm Bp warned me not to attempt to preach there. I told him I fought under our flag and could preach wherever it should float.

The result you shall soon hear.

Many thanks for papers. Two pkgs have arrived. The people call at my room and ask for them. Of course I give them and thus distribute them without incurring suspicion.

Yrs in haste.
